2. In order to better meet customer needs, BYD Motors continues to research and improve its vehicles. Some configurations and specifications of models sold in the market may differ from this configuration table. For specific details, please consult BYD Motors' authorized dealers. Subject to change without prior notice.

3. The DiLink intelligent networking system will continue to iterate and upgrade, and the specific functions may differ from this configuration table.

Some functions will be implemented through third-party apps. Please refer to the actual vehicle or the latest DiLink system version for specific details.

4. The selection of Red Emperor color for all models requires an additional price of 2000 yuan per unit.

5. Regarding pure electric range: In actual road driving, different environmental temperatures, driving habits, and operations can lead to differences in range.

6. The lifelong warranty policy for the three electric systems must meet the requirements of non operating vehicles (the first owner), with a cycle of every 12 months from the date of vehicle delivery, and the total driving distance within each cycle shall not exceed 30000 kilometers. For specific terms, please refer to the "BYD New Energy Vehicle" Three Electric "System Lifetime Warranty Certificate" issued after purchasing the car.

7. The above vehicle prices and configuration table will apply from January 1, 2023.
