Note:

1. "●" indicates the presence of this configuration, "-" indicates the absence of this configuration, "○" indicates optional installation, and "●\*" indicates limited time upgrade.

2. In order to better meet customer needs, BYD Motors continues to research and improve its vehicles. Some configurations and specifications of the models sold in the market may differ from this configuration table. Please refer to the actual vehicle for specific details.

3. The DiLink intelligent networking system will continue to iterate and upgrade, and the specific functions may differ from this configuration table. Some functions require third-party software, hardware support, or OTA implementation. Please refer to the actual vehicle or the latest DiLink system for specific details.

4. The optional Smart Enjoy upgrade package is priced at an additional 4999 yuan per unit.

The Smart Enjoy upgrade package includes two configurations: DiLink3.0 upgraded version and electric tailgate, and cannot be installed separately.

5. We offer exterior colors such as Snow White, Dark Sky Black, Red Emperor Red, and Time Grey, with an additional price of 2000 yuan per unit for the optional Red Emperor infrared viewing color; Supply Kirin brown interior.

6. Regarding pure electric range:  
In actual road driving, different environmental temperatures, driving habits, and operations can lead to differences in range.

7. The lifelong warranty policy for the three electric systems must meet the requirements of non operating vehicles (the first owner), with a cycle of every 12 months from the date of delivery, and the total mileage traveled within each cycle shall not exceed 30000 kilometers. For specific details, please refer to the "Three Electric System Lifetime Warranty Certificate" or relevant regulations.

8. The above vehicle prices and configuration table will apply from January 1, 2023.
